

# Acid Eater

## STATE-OF-THE-ART BATTERY MAINTENANCE

Acid Eater products are a collection of environmentally-safe battery maintenance and battery cleaning products that can help you provide state-of-the-art battery maintenance permitting a safe workplace while complying with environmental regulations and disposal costs. Please explore the various Acid Eater products and solutions which can be used to maintain your battery bank.

### NEUTRALIZER & DEGREASER

Acid Eater-brand Neutralizer & Degreaser neutralizes and degreases even the toughest contaminants on battery equipment. It also helps to extend the life of the batteries and material handling equipment. Everything from rollers, stands, forklifts, under battery racks to the concrete floors in battery rooms can be cleaned with Acid Eater Neutralizer & Degreaser.

Our Neutralizer & Degreaser is biodegradable, non-corrosive, and environmentally safe. It does not cause corrosion. It is compliant with OSHA Regulation 1917.157(g).

## ABSORBER & NEUTRALIZER

Acid Eater-brand Absorber & Neutralizer contains, absorbs and neutralizes hazardous acids. Its pellet formula absorbs more and requires less clean up while not creating hazardous dust. For OSHA Regulation 1910.178(g), facilities must have means to neutralize spilled acid. To maintain OSHA compliance. It also reduces disposal costs and safety concerns because it is environmentally safe and non-hazardous as well.
